Objective 2 Organizing & Posting Content

Content Organization & Posting

What Is It?

Organizing & Posting Your Content In a Way That Makes It Easy For Google Bots To Index Your Site.

Why Is It Important?

Google Bots are lazy and the easier you make it for them to crawl your entire site, the more pages you'll get indexed so that those pages show up on search engines.

I will be providing you with a detailed review of the Mortgage Assignment Profit System so you can clearly see what the system is, how it works, how you can make money with it, and then you can draw your own conclusions about it.

Put simply, I've been working this system for the last year and I've done all sorts of research into dozens of different companies and systems in the past 16 months. I have seen the ins-and-outs of many real estate investing programs. I know what works and what doesn't. My team and I know how to make \$10k per month using the **Mortgage Assignment Profit System**.

How Do I Make Money With The Mortgage Assignment Profit System?

If you're anything like we are, you don't get into any program until you say "Show me the money..." Okay, maybe not exactly – but I know that's what you're thinking. You want to know that as a real estate investor or real estate agent, if this is going to be worth your investment – both your TIME investment and your MONEY investment. So we're going to explain to you how to make money with the [Mortgage Assignment Profit System](#), why this is the simplest and easiest way to create a substantial income, and what you're going to want to do to grow your income even more than just with the system.

First, let me just tell you what a sigh of relief this strategy and course offers in today's real estate investing market. You see, many real estate investor gurus sell you a product that not only teaches just ONE concept but it typically requires you to buy another product in order to fully learn or implement the real estate strategy they originally sold to you. In the end, you just keep racking up more and more costs.

The Mortgage Assignment Profit System is NOT like that at all. You get it all at once and not only do you get the main strategy, which is the Mortgage Assignment Program, but you also get the goods on every other low and no equity real estate investing strategy as well. All content and no fluff, and certainly no required additional purchase in order to start using what

The screenshot shows a web form titled "Add New Page". At the top, there is a text input field containing the article title: "How Do I Make Money With The Mortgage Assignment Profits System?". A red circle with the number "1" is around this field, with an arrow pointing to it. Below the title field is a rich text editor toolbar. A red circle with the number "2" is around the "Text" icon (represented by a lowercase 'a') in the toolbar, with two arrows pointing to it. The toolbar also includes icons for bold, italic, underline, link, unlink, and other text formatting options. At the bottom of the form, it shows "Path: p", "Word count: 0", and "Draft saved at 12:42:12 am."

Is It Legal?

Over the last couple of months I have spoken to hundreds of investors who heard about the **Assignment of Mortgage Payments System™** or **AMPS™**. One of the big questions, particularly in response to some negative accusations made about the legality of this process has caused investors to ask the question...

"Is AMPS™ Legal?"

See [Lawyer Scott Horne's AMPS™ Review Video?](#)

This is an important question because it doesn't matter **how much money you make** if at the end of the day, you end up in jail. Obviously, we the REI RockStars run our business with integrity, and would never put all our hard work at risk by doing something illegal.

That said, there are a number of reasons why I believe the AMPS™ are legal. I have formed these opinions by doing deals with my partners as well as talking to a number of attorneys who between themselves have done thousands of owner financed transactions without issue.

Keep in mind though this is just my opinion, I am not an attorney and you should seek your own counsel.

Is AMPS™ legal? Here is my take...

Basically, **AMPS™** is just another form of "subject-to" which has been around for a long time and has been taught by many "Gurus" including Robert Kiyosaki just to name one. Now, would someone as high profile as Robert Kiyosaki, teach strategies that were blatantly illegal.

NOT LIKELY....

A Note About Heading Tags:

- Types of headings: H1 - H6
- H1 is most important, H6 is least
- H1 & H2 are most commonly used
- H1 is typically the title of your page. Use keyword or variation.
- Use other headings to break up article, try to use variations of keywords but don't overdo it.
- Using headings offers small SEO benefit.

That being said, with the launch of this new system online - I knew I had to write a review about my massive amounts of testing. You see, all of this comes down to a science. And seeing how I have created multiple streams of income into the thousands every month, it was important to me to make sure the Mortgage Assignment Profits System was going to be worth my time.

I don't jump from business to business looking for the "next big thing". I take my real estate business very seriously and would never want to stake my reputation on something that would crumble away.

<h2>Generating Leads With MAPS</h2>

And you'll soon discover the actual results of my testing FAR exceeded my expectations. I applied a few simple marketing strategies (the same strategies I teach my team, clients, and business partners) and had my phone ringing off the hook my first WEEK using the Mortgage Assignment Profit System. Needless to say, I was totally shocked by how well this system helped me with generating leads.

Title Tag Guidelines

- Keyword in title tag
- 65 characters or less (google limitations)
- Consider Branding
 - Get Distressed Seller Leads | REI Rockstars
- Think “Conversion” first.
 - Write compelling copy & create emotional response if possible. Once You Rank...Get The Click!
- Don't look spammy (all caps, stuffing keywords)
- By Default Title Tags for your home page is configured in settings and other pages, the title tag by default is the title of your post or page. You can configure these with plugins though.
- Title Tags = Avg. Importance in SEO

Objective 4 Reviewing On Page SEO's “Low Hanging Fruit”

Meta Description Guidelines

- Short summary of what your content is about
- Google Bots use this to determine what your page is about
- Users look at this to see if your website is relevant to what they are looking for.
- By default, google will use the copy on your web page to put in the description if you haven't configured this. It chooses copy that contains keywords searched by the user.
- Don't look spammy (all caps, stuffing keywords)
- Write for conversion...get the click!
- 160 characters or less

Objective 4 Reviewing On Page SEO's “Low Hanging Fruit”

Meta Keywords Guidelines

- Some search engines still use these but largely ignored otherwise
- Can be scraped by others, don't use money keywords
- Put in 6 - 8 keywords that are related to the post or page

Permalink Notes

- Permalinks default to your article title and sometimes will populate before you finish your title.
- If you had to abbreviate something in your menu, you **may** want to change your permalink to full keyword.
- Always double check permalink in case it populated early

Is It Legal?

Over the last couple of months I have spoken to hundreds of investors who heard about the [Assignment of Mortgage Payments System™ or AMPS™](#). One of the big questions, particularly in response to some negative accusations made about the legality of this process has caused investors to ask the question...

"Is AMPS™ Legal?"

See [Lawyer Scott Horne's AMPS™ Review Video?](#)

This is an important question because it doesn't matter how much money you make if at the end of the day, you end up in jail. Obviously, we the REI RockStars run our business with integrity, and would never put all our hard work at risk by doing something illegal.

That said, there are a number of reasons why I believe the AMPS™ are legal. I have formed these opinions by doing deals with my partners as well as talking to a number of attorneys who between themselves have done thousands of owner financed transactions without issue.

SEO Secrets

Objective 6 Closely Guarded On Page SEO Secrets

Little-Known SEO Tips:

- Don't duplicate title tags & descriptions
 - Google bots are lazy so they will assume every post is about the same thing which means duplicate content. The will stop crawling which means the page doesn't get indexed and you may be penalized.
- Configure www. to non-www.
 - NOT doing this puts you at risk for a duplicate content penalty which will lower your rankings
 - Wordpress does this for you in "Settings"

SEO Secrets

Objective 6 Closely Guarded On Page SEO Secrets

Little-Known SEO Tips:

- Broken links
 - Search engines will penalize you for broken links. Most common problem is from permalink changes. 301 Directs by the Platinum SEO plugin help fix this.
- Footer Menus
 - You can add footer menus to link to more articles (especially 3rd tier articles that are poorly written by outsourcers).
 - This is an advanced SEO strategy and you can customize a footer menu the same way you customized your main menu.

Introduction to Blogs & Blog Linking

Blog Linking Tips

- Make it natural & vary your strategy
- Don't force or overstuff links into posts
 - 2 - 3 is average, 5 max
- Link to different pages, including home page
- Link to other posts on blog
- Don't always have links in your posts
 - Write personal posts that don't necessarily have to do with your "keywords" and therefore linking doesn't make sense.
- Change up your anchor text
- Change up the number of links per post

Introduction to Blogs & Blog Posting

Blog Posting Tips for Readers & Search Engines

- Write 1 - 2 times a week to keep traffic and google visiting your site. (Pings)
- Be yourself, have fun! You already created your keyword content, so your blog is to engage your readers and make them want to keep coming back.
- Write about things your niche cares about.
- Warning: Let your site sit too long...you start to lose ranking, especially new sites. Keep posting fresh content, even if it's outsourced content. Develop a posting strategy.

Step
1

Determine where your blog will go. (Default is the home page.)
Go to "Reading" under the left dashboard "settings tab
if you want to change the blog's location.

The screenshot shows the WordPress dashboard's "Reading Settings" page. On the left is a sidebar menu with options: Dashboard, Posts, Media, Links, Pages, Comments, Appearance, Plugins, Users, Tools, and Settings. The "Settings" menu is expanded, and the "Reading" sub-menu item is highlighted with a red arrow. The main content area is titled "Reading Settings" and contains the following options:

- Front page displays:** Radio buttons for "Your latest posts" (selected) and "A static page (select below)". Below are dropdown menus for "Front page:" and "Posts page:".
- Blog pages show at most:** A text input field containing "3" followed by "posts".
- Syndication feeds show the most recent:** A text input field containing "3" followed by "items".
- For each article in a feed, show:** Radio buttons for "Full text" and "Summary" (selected).
- Encoding for pages and feeds:** A text input field containing "UTF-8" and a note: "The character encoding of your site and feeds. Some browsers do not support some other encodings".

A "Save Changes" button is located at the bottom of the settings area.

Rei Rockstars

Step 2

Click on "A static page" and then choose which page you want to be the new home page. Next, choose which page you want to be the new blog page. When done, click "Save Changes" and check your website. *Note: The page has to be an existing page for it to show up in this drop down menu.*
