Introduction to Website Optimization

Objective 1 Website Optimization Overview

Website Optimization

What Is It?

Website Optimization is many things, but for this module we are focusing on tracking your website traffic, assisting Google in indexing, speeding up your sites load time and being proactive about penalties like crawl errors, being tagged as a ping spammer and more.

Why Is It Important?

Website optimization will give you an overall edge and boost to your websites performance, conversion and ranking.

Introduction to Google Analytics

Google Analytics

What Is It?

Google Analytics is a free service that provides you with detailed insights about visitors to your website.

Why Is It Important?

It tracks the visitors to your site, how long they stay on the site, where they came from and what web pages they are visiting so you can continually evaluate the effectiveness of your marketing.

Rei Rockstars

Copyright © 2011 by REI Rockstars, DBA, A division of Creative Entrepreneurs LLC. All Rights Reserved.

Objective 2: Setting Up Google Analytics

Step 1

Go to google.com/analytics and click on "Access Analytics".

OSE links to page (by seomoz)

Google Analytics

US English Search

HOME PRODUCT SUPPORT EDUCATION PARTNERS DEVELOPERS BLOG

Enterprise-class web analytics made smarter, friendlier and free.

Access Analytics

New to Google Analytics? [Sign Up Now](#)

Google Analytics is the enterprise-class web analytics solution that gives you rich insights into your website traffic and marketing effectiveness. Powerful, flexible and easy-to-use features now let you see and analyze your traffic data in an entirely new way. With Google Analytics, you're more prepared to write better-targeted ads, strengthen your marketing initiatives and create higher converting websites.

ECOMMERCE TRACKING
Trace transactions to campaigns and keywords, get loyalty and latency metrics, and identify your revenue sources.

GOALS
Track sales and conversions. Measure your site engagement goals against threshold levels that you define.

MOBILE TRACKING
Track web-enabled phones, mobile websites and mobile apps.

Objective 2: Setting Up Google Analytics

Step 3

Choose your data sharing settings. Choose your country or territory for the user agreement, review and agree to terms of service. Then click "Create Account".

Data Sharing Settings

Sharing Settings Do not share my Google Analytics data **1**

Share my Google Analytics data...

With other Google products only optional
Enable enhanced ad features and an improved experience with AdWords, AdSense and other Google products by sharing your website's Google Analytics data with other Google services. Only Google services (no third parties) will be able to access your data. Show example

Anonymously with Google and others optional
Enable benchmarking by sharing your website data in an anonymous form. Google will remove all identifiable information about your website, combine the data with hundreds of other anonymous sites in comparable industries and report aggregate trends in the benchmarking service. Show example

User Agreement

Please ensure that your country or territory of residence is selected below. Carefully read the terms and conditions and select the checkbox to accept.

Your country or territory **2**

GOOGLE ANALYTICS TERMS OF SERVICE

The following are the terms and conditions for use of the Google Analytics service described herein (the "Service") between Google Inc. and you (either an individual or a legal entity that you represent as an authorized employee or agent) ("You"). Please read them carefully. BY CLICKING THE "I ACCEPT" BUTTON, COMPLETING THE REGISTRATION PROCESS AND/OR USING THE SERVICE, YOU ARE STATING THAT YOU ARE ELIGIBLE FOR AN ACCOUNT AND THAT YOU AGREE TO BE BOUND BY ALL OF THESE TERMS AND CONDITIONS OF THE SERVICE (AGREEMENT). The Service is offered to you conditioned on your acceptance without modification of the terms, conditions, and notices contained herein.

1. DEFINITIONS

"Account" refers to the billing account for the Service. All Profiles linked to a single Site will have their Page Views aggregated prior to determining the charge for the Service for that Site.

Terms and conditions Yes, I agree to the above terms and conditions **3**

Create Account **4**

Objective 2: Setting Up Google Analytics

Rei Rockstars

Copyright © 2011 by REI Rockstars, DBA, A division of Creative Entrepreneurs LLC, All Rights Reserved.

Step 4

There are 2 ways to set up Google Analytics using the Graphene theme. Option 1 is to scroll down and copy the code under section 2.

Standard **Advanced** Custom

1. What are you tracking?

A single domain
Example: www.ultimateberagent.com

One domain with multiple subdomains
Examples: www.ultimateberagent.com
apps.ultimateberagent.com
store.ultimateberagent.com

Multiple top-level domains
Examples: www.ultimateberagent.uk
www.ultimateberagent.cn
www.ultimateberagent.fr

AdWords campaigns

2. Paste this code on your site

Copy the following code, then paste it onto every page you want to track immediately before the closing </head> tag.

```
<script type="text/javascript">
var _gaq = _gaq || [];
_gaq.push(['_setAccount', 'UA-28147133-1']);
_gaq.push(['_trackPageview']);

(function() {
var ga = document.createElement('script'); ga.type = 'text/javascript'; ga.async = true;
ga.src = ('https:' == document.location.protocol ? 'https://ssl' : 'http://www') + '.google-analytics.com/ga.js';
var s = document.getElementsByTagName('script')[0]; s.parentNode.insertBefore(ga, s);
})();
</script>
```

Objective 2: Setting Up Google Analytics

Step 11

Click the box for "Manually enter your UA code".

Google Analytics for WordPress Configuration

Google Analytics is not active. You must [select which Analytics Profile to track](#) before it can work.

Google Analytics Settings

Analytics Profile: Please authenticate with Google Analytics to retrieve your tracking code:
[Click here to authenticate with Google](#)

Note: If you have multiple Google accounts, you'll want to switch to the right account first, since Google doesn't let you switch accounts on the authentication screen.

Manually enter your UA code

Where should the tracking code be placed: **In the header (default)**

The header is by far the best spot to place the tracking code. If you'd rather place the code manually, switch to manual placement. For more info read this page.

Track outbound clicks & downloads:

Clicks & downloads will be tracked as events, you can find these under Content = Event Tracking in your Google Analytics reports.

Show advanced settings:

Only advised for advanced users who know their way around Google Analytics

[Update Google Analytics Settings »](#)

Objective 2: Setting Up Google Analytics

Step 12

Paste your UA code in the field provided and then click "Update Google Analytics Settings".

Google Analytics Settings

Analytics Profile: Manually enter your UA code:

Manually enter your UA code

Where should the tracking code be placed: **In the header (default)**

The header is by far the best spot to place the tracking code. If you'd rather place the code manually, switch to manual placement. For more info read this page.

Introduction to Google Webmaster

Google Webmaster

What Is It?

An analytics site that helps you understand the “health” of your website.

Why Is It Important?

This site provides a lot of data about your website but most importantly, it helps detect website errors, malware, Google bot crawl rate and more. You can also submit your sitemap here.

Rei Rockstars

Copyright © 2011 by REI Rockstars, DBA, A division of Creative Entrepreneurs LLC, All Rights Reserved.

Objective 4 Introduction To Google Webmasters

Introduction to FTP

FTP: File Transfer Protocol

What Is It?

File Transfer Protocol is a platform where we can remotely connect to our hosting accounts and upload themes, videos, etc..

Why Is It Important?

You will need to use this method of file transfer anytime you need to upload large files to your site and you'll also need it to verify your site on Google Webmasters.

Rei Rockstars

Introduction to WP Super Cache

WP Super Cache

What Is It?

A plugin that helps speeds up your wordpress site.

Why Is It Important?

Users & Google Bots both get BORED if they have to wait too long for your website to load. The longer your site takes, the more you risk not being indexed by search engines and losing potential prospects to the "one click away from your competition" rule.

Rei Rockstars

TIP

If you are making major edits to your site, turn caching off during that process or you'll have a hard time viewing your site changes. For minor edits you can just delete the cache to view your changes.

TIP

Upload small files when possible and always have your site accessing your site for files as opposed to outside sites.
