Introduction to Website Optimization

Website Optimization

What Is It?

Website Optimization is many things, but for this module we are focusing on tracking your website traffic, assisting Google in indexing, speeding up your sites load time and being proactive about penalties like crawl errors, being tagged as a ping spammer and more.

Why Is It Important?

Website optimization will give you an overall edge and boost to your websites performance, conversion and ranking.

Rei Rockstars

Introduction to Website Optimization

Website Optimization Factors

- Tracking web traffic
- Sitemaps for Google indexing
- Google bot crawl errors (broken links, etc)
- Ping Spamming
- Load Speed of Website
- Keyword Sourcing
- Google Search Conversion

Introduction to Google Analytics

Google Analytics

What Is It?

Google Analytics is a free service that provides you with detailed insights about visitors to your website.

Why Is It Important?

It tracks the visitors to your site, how long they stay on the site, where they came from and what web pages they are visiting so you can continually evaluate the effectiveness of your marketing.

Step
1

Go to google.com/analytics and click on “Access Analytics”.

Objective 2 Setting Up Google Analytics

OSE links to page (by seomoz)

Google Analytics

US English [dropdown] [input] Search

HOME PRODUCT SUPPORT EDUCATION PARTNERS DEVELOPERS BLOG

Enterprise-class web analytics made smarter, friendlier and free.

Google Analytics is the enterprise-class web analytics solution that gives you rich insights into your website traffic and marketing effectiveness. Powerful, flexible and easy-to-use features now let you see and analyze your traffic data in an entirely new way. With Google Analytics, you're more prepared to write better-targeted ads, strengthen your marketing initiatives and create higher converting websites.

Access Analytics

New to Google Analytics?
[Sign Up Now](#)

ECOMMERCE TRACKING
Trace transactions to campaigns and keywords, get loyalty and latency metrics, and identify your revenue sources.

GOALS
Track sales and conversions. Measure your site engagement goals against threshold levels that you define.

MOBILE TRACKING
Track web-enabled phones, mobile websites and mobile apps.

Rei Rockstars

Step
2

Click on the wheel and then click “+ New Account”.
Next, type in your account name and url.
Then adjust your time zone.

Objective 2 Setting Up Google Analytics

This screenshot shows the "Create New Account" form. The form title is "Create New Account" under the "Accounts" tab. Below the title is a paragraph of instructions. The form is divided into a "General Information" section with three fields: "Account Name", "Website's URL", and "Time zone". Red circles with arrows point to these fields: circle "3" points to the "Account Name" field, circle "4" points to the "Website's URL" field, and circle "5" points to the "Time zone" field. The "Website's URL" field has a dropdown menu showing "http://" and an example "http://www.mywebsite.com". The "Time zone" field has a dropdown menu showing "United States" and a sub-menu showing "(GMT-08:00) Pacific Time".

Rei Rockstars

Step
3

Choose your data sharing settings. Choose your county or territory for the user agreement, review and agree to terms of service. Then click "Create Account".

Objective 2 Setting Up Google Analytics

Data Sharing Settings ?

Sharing Settings Do not share my Google Analytics data
 Share my Google Analytics data...

- With other Google products only optional
Enable enhanced ad features and an improved experience with AdWords, AdSense and other Google products by sharing your website's Google Analytics data with other Google services. Only Google services (no third parties) will be able to access your data. [Show example](#)
- Anonymously with Google and others optional
Enable benchmarking by sharing your website data in an anonymous form. Google will remove all identifiable information about your website, combine the data with hundreds of other anonymous sites in comparable industries and report aggregate trends in the benchmarking service. [Show example](#)

User Agreement

Please ensure that your country or territory of residence is selected below. Carefully read the terms and conditions and select the checkbox to accept.

Your country or territory

GOOGLE ANALYTICS TERMS OF SERVICE

The following are the terms and conditions for use of the Google Analytics service described herein (the "Service") between Google Inc. and you (either an individual or a legal entity that you represent as an authorized employee or agent) ("You"). Please read them carefully. BY CLICKING THE "I ACCEPT" BUTTON, COMPLETING THE REGISTRATION PROCESS AND/OR USING THE SERVICE, YOU ARE STATING THAT YOU ARE ELIGIBLE FOR AN ACCOUNT AND THAT YOU AGREE TO BE BOUND BY ALL OF THESE TERMS AND CONDITIONS OF THE SERVICE ("AGREEMENT"). The Service is offered to you conditioned on your acceptance without modification of the terms, conditions, and notices contained herein.

1. DEFINITIONS

"Account" refers to the billing account for the Service. All Profiles linked to a single Site will have their Page Views aggregated prior to determining the charge for the Service for that Site.

Terms and conditions Yes, I agree to the above terms and conditions

Rei Rockstars

Step
4

There are 2 ways to set up Google Analytics using the Graphene theme. Option 1 is to scroll down and copy the code under section 2.

Objective 2 Setting Up Google Analytics

Standard Advanced Custom

1. What are you tracking?

- A single domain
Example: www.ultimateuberagent.com
- One domain with multiple subdomains
Examples: www.ultimateuberagent.com
apps.ultimateuberagent.com
store.ultimateuberagent.com
- Multiple top-level domains
Examples: www.ultimateuberagent.uk
www.ultimateuberagent.cn
www.ultimateuberagent.fr
- AdWords campaigns

2. Paste this code on your site

Copy the following code, then paste it onto every page you want to track immediately before the closing </head> tag. ?

```
<script type="text/javascript">
var _gaq = _gaq || [];
_gaq.push(['_setAccount', 'UA-28147133-1']);
_gaq.push(['_trackPageview']);

(function() {
var ga = document.createElement("script"); ga.type = 'text/javascript'; ga.async = true;
ga.src = ('https:' == document.location.protocol ? 'https://ssl' : 'http://www') + '.google-analytics.com/ga.js';
var s = document.getElementsByTagName("script")[0]; s.parentNode.insertBefore(ga, s);
})();
</script>
```

Rei Rockstars

Step
5

Open up a new tab in your web browser and go to your wordpress website dashboard. Next, go to “Graphene Options” under the “Appearance” tab and then click on “Google Analytics Options”.

Objective 2 Setting Up Google Analytics

The screenshot shows the WordPress dashboard. On the left, the 'Appearance' menu is expanded, and 'Graphene Options' is highlighted with a red circle containing the number '1'. On the right, the 'Graphene Options' page is displayed, showing various settings tabs like 'General', 'Display', and 'Advanced'. The 'Google Analytics Options' option is highlighted with a red circle containing the number '2'.

Rei Rockstars

Step
6

Paste your google analytics code into the box. Make sure “Enable Google Analytics Tracking” box is checked and then scroll down to click “Save Options”.

Google Analytics Options

Enable Google Analytics tracking

2

1

Note: the theme now places the Google Analytics script in the `<head>` element to better support the new asynchronous Google Analytics script. Please make sure you update your script to use the new asynchronous script from Google Analytics.

Google Analytics tracking code

Make sure you include the full tracking code (including the `<script>` and `</script>` tags) and not just the `UA-#####-#` code.

Objective 2 Setting Up Google Analytics

Rei Rockstars

Step
7

Option 2 is as follows: Go back to your Google Analytics tab in your web browser and scroll up to the top of the page and copy the “Property ID” or “UA” code.

Objective 2 Setting Up Google Analytics

All Accounts > Mortgage Assign >

Mortgage Assign

Property ID: UA-28163659-1

Default URL: <http://www.mortgageassign.com>

Profiles Tracking Code Property Settings

Tracking Code Configuration

Tracking Status Information

Property Name Mortgage Assign

Website URL <http://www.mortgageassign.com>

Property ID UA-28163659-1

Tracking Status **Tracking Not Installed** Last checked: Jan 8, 2012 12:22:09 PM PST

The Google Analytics tracking code has not been detected on your website's home page. For Analytics to function, you or your web administrator must add the code to each page of your website.

Rei Rockstars

Step
8

Then go back to your website dashboard and go to “Add New” under the “Plugins” tab and type in “Google Analytics for Wordpress” in the search field and click “Search Plugins”.

Objective 2 Setting Up Google Analytics

The screenshot shows the WordPress dashboard for 'DANI LYNN | Internet Marketing Coach'. The left sidebar contains a menu with 'Plugins' highlighted. Under 'Plugins', 'Add New' is circled with a red '1'. The main content area is titled 'Install Plugins' and features a search bar with the text 'Analytics for Wordpress' and a 'Search Plugins' button circled with a red '3'. A red arrow points from the search bar to the button, with a red '2' circled above it. The dashboard also shows navigation links for Dashboard, Posts, Media, Links, Pages, Comments, Appearance, and Plugins.

Rei Rockstars

Step
9

Click on “Install Now”. Click “Okay” when the pop up window appears asking if you are sure you want to install this plugin. On the next screen, click on “Activate Plugin”.

Objective 2 Setting Up Google Analytics

Install Plugins

Introduction to Sitemaps

Sitemaps

What Is It?

A map of your website that provides a way for website owners to inform google of all the url's that are available on a website to crawl.

Why Is It Important?

If search engines don't know a web page exists, that page won't show up in search results.

Step
1

Log into your wordpress dashboard and click on “Add New” under your “Plugins” tab. Then type in “Google xml sitemap” into the search field and click on “Search Plugins”.

Objective 3 Building Google XML Sitemaps

The screenshot shows the WordPress 'Install Plugins' interface. On the left sidebar, the 'Plugins' menu is highlighted, and the 'Add New' link is circled in red with the number '1' and an arrow pointing to it. The main content area is titled 'Install Plugins' and features a search bar. The search bar contains the text 'google xml sitemap' and is circled in red with the number '2' and an arrow pointing to it. To the right of the search bar is a 'Search Plugins' button, also circled in red with the number '3' and an arrow pointing to it. Below the search bar, there is a section for 'Popular tags' with the text 'You may also browse based on the most popular tags in the Plugin Directory:'. The sidebar also shows other menu items like Dashboard, Posts, Media, Links, Pages, Comments, and Appearance.

Rei Rockstars

Step
2

Find the “Google XML Sitemaps” plugin by Arne Brachhold and click “Install Now”. Then click “Okay” on the next pop up window that asks if you’re sure you want to install this plugin.

Introduction to Google Webmaster

Google Webmaster

What Is It?

An analytics site that helps you understand the “health” of your website.

Why Is It Important?

This site provides a lot of data about your website but most importantly, it helps detect website errors, malware, Google bot crawl rate and more. You can also submit your sitemap here.

Introduction to FTP

FTP: File Transfer Protocol

What Is It?

File Transfer Protocol is a platform where we can remotely connect to our hosting accounts and upload themes, videos, etc..

Why Is It Important?

You will need to use this method of file transfer anytime you need to upload large files to your site and you'll also need it to verify your site on Google Webmasters.

Step
1

Go to google.com/webmasters and click on
“Sign in to Webmaster Tools”.

Google webmaster central

Increase traffic to your site

Get data about crawling, indexing and search traffic.
Receive notifications about problems on your site.

Sign in to Webmaster Tools

[Watch a video](#)

Find out how Google sees your site

Verified site owners can see information about how
Google crawls, indexes and ranks your site

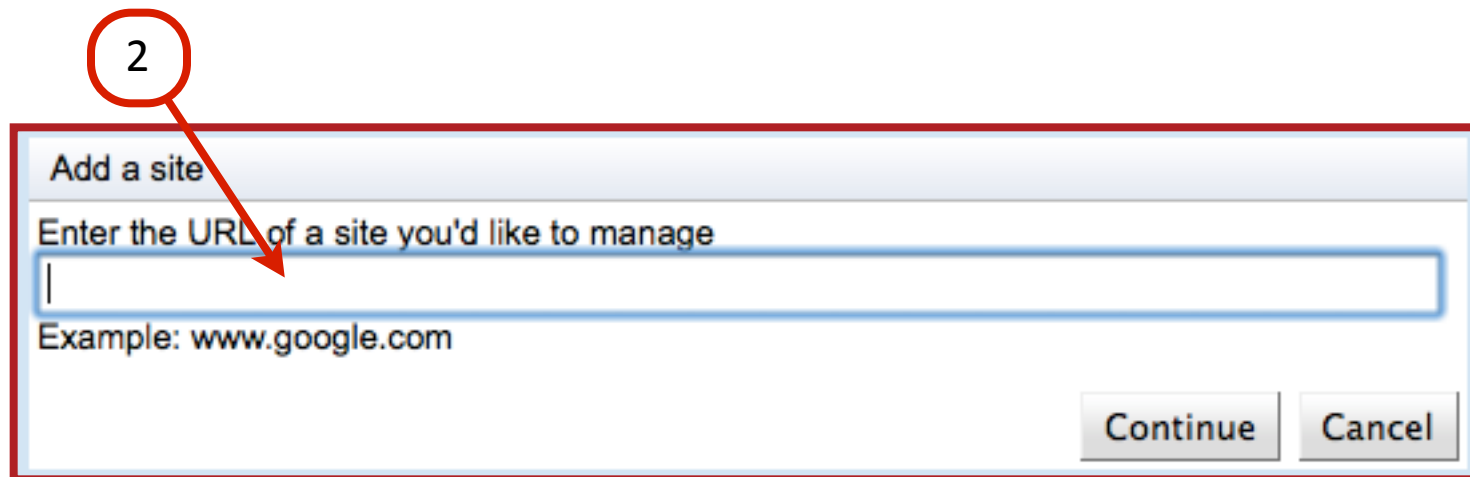

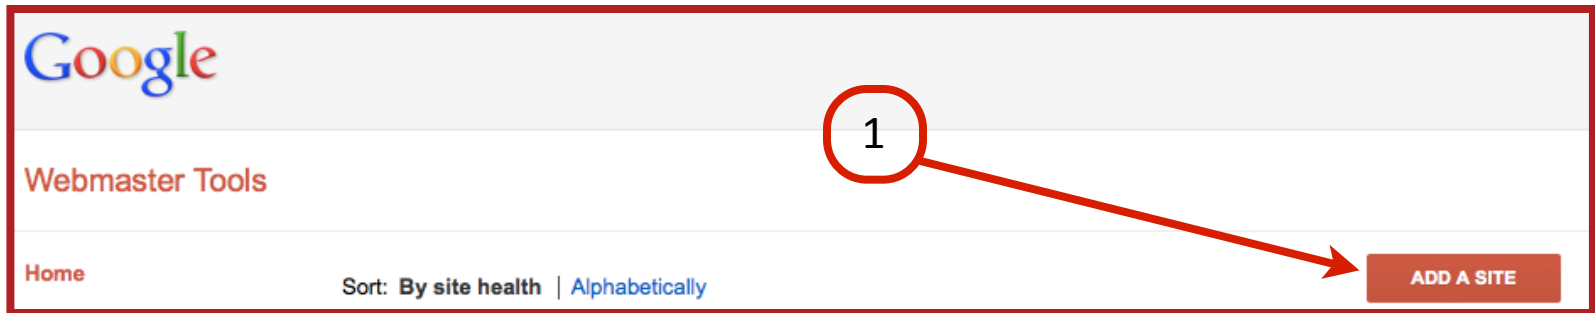

Objective 4 Introduction To Google Webmasters

Rei Rockstars

Step
2

Click on “Add a Site” and add the URL of the site you’d like to manage.

Objective 4 Introduction To Google Webmasters

Rei Rockstars

Step
3

Download the HTML Verification file by clicking on the “this HTML verification file” link.

NOTE: Only download this file one time and use it for every site.

Objective 4 Introduction To Google Webmasters

Download FileZilla Server
Windows only

Rei Rockstars

Step
5

Select your platform and follow the instructions to install the program on your computer.

Objective 4 Introduction To Google Webmasters

Client Download

The latest stable version of FileZilla Client is 3.5.3

Please select the file appropriate for your platform below.

Mac OS X

→ [FileZilla_3.5.3_i686-apple-darwin9.app.tar.bz2](#) ⓘ (Intel)

→ [FileZilla_3.5.3_powerpc-apple-darwin9.app.tar.bz2](#) ⓘ (PowerPC G4)

Requires OS X 10.5 or newer

Linux

→ [FileZilla_3.5.3_i586-linux-gnu.tar.bz2](#) ⓘ

→ [FileZilla_3.5.3_x86_64-linux-gnu.tar.bz2](#) ⓘ

Built for Debian 6.0 (Squeeze). It is highly recommended to use this distribution or to manually compile FileZilla if you are running

Windows

→ [FileZilla_3.5.3_win32-setup.exe](#) ⓘ (recommended)

→ [FileZilla_3.5.3_win32.zip](#) ⓘ

Windows XP, Vista and Windows 7 are supported, each both 32-bit and 64-bit

Source Code

→ [FileZilla_3.5.3_src.tar.bz2](#) ⓘ

Checksums

→ [FileZilla_3.5.3.sha512](#) ⓘ

Rei Rockstars

Step
6

Once installed, open up Filezilla and click on the
“Site Manager” icon in the top left corner.

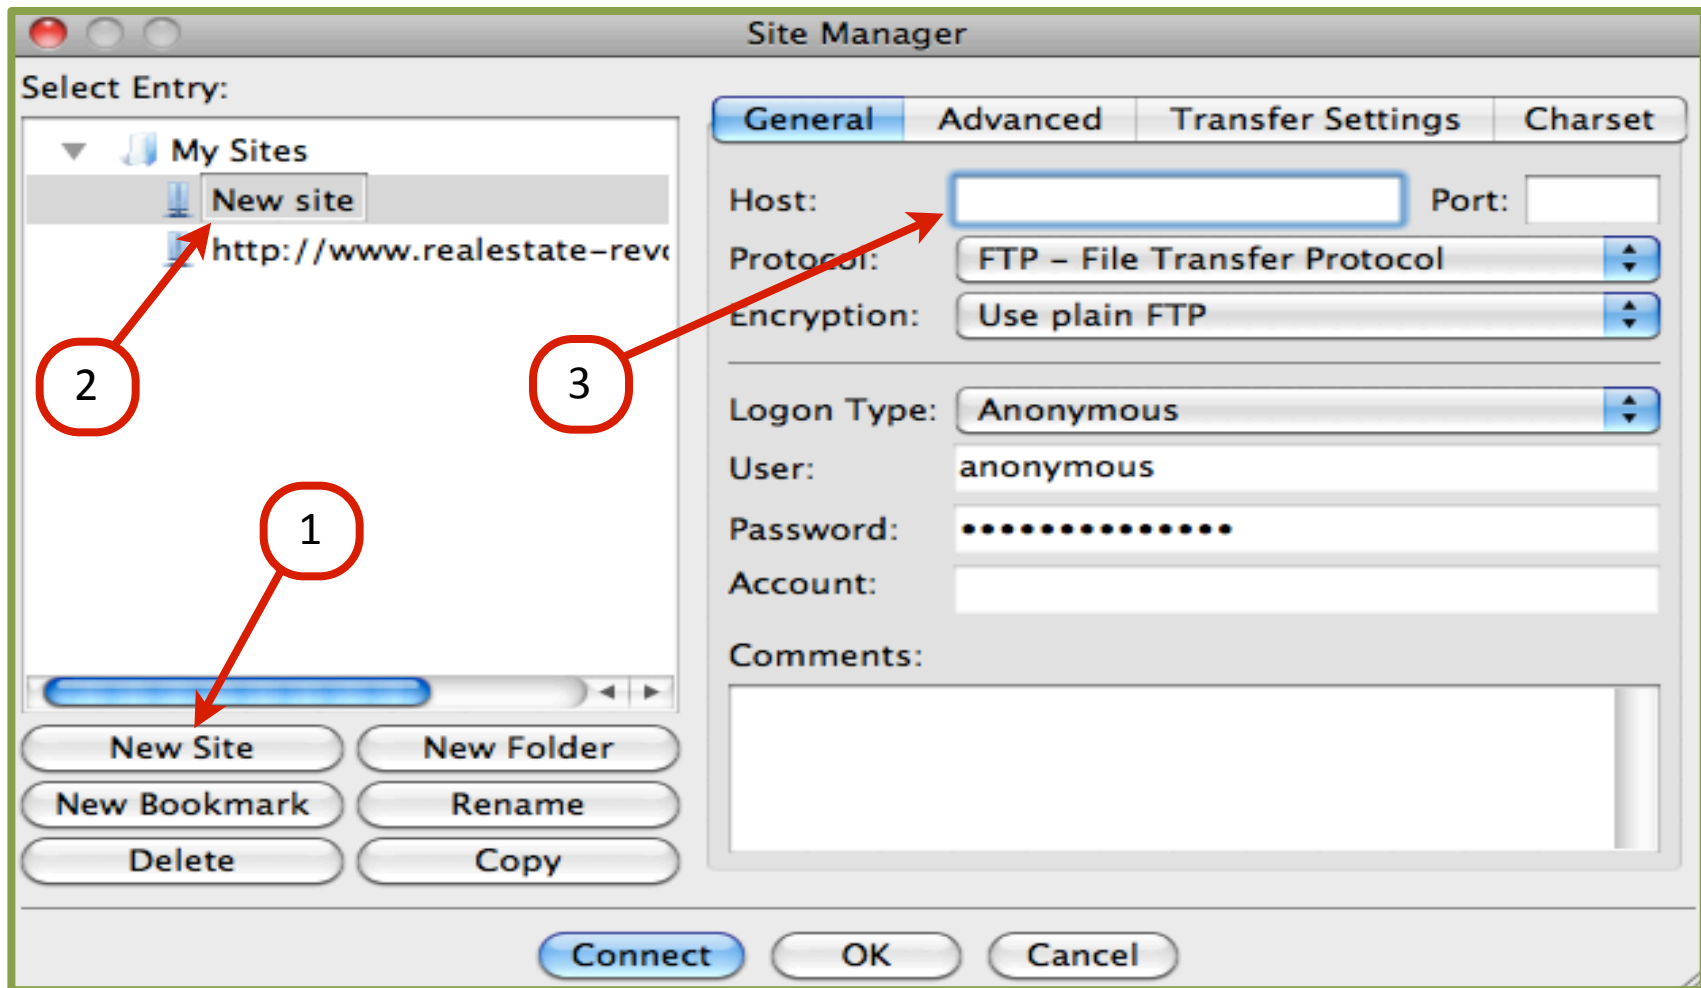

Objective 4 Introduction To Google Webmasters

Rei Rockstars

Step
7

When the site manager opens up, click on "New Site" and type in the name of your site on the left. Then on the right go to the "Host" field and type in the name of your site again with the prefix of "ftp." (Example: "ftp.yoursite.com")

Objective 4 Introduction To Google Webmasters

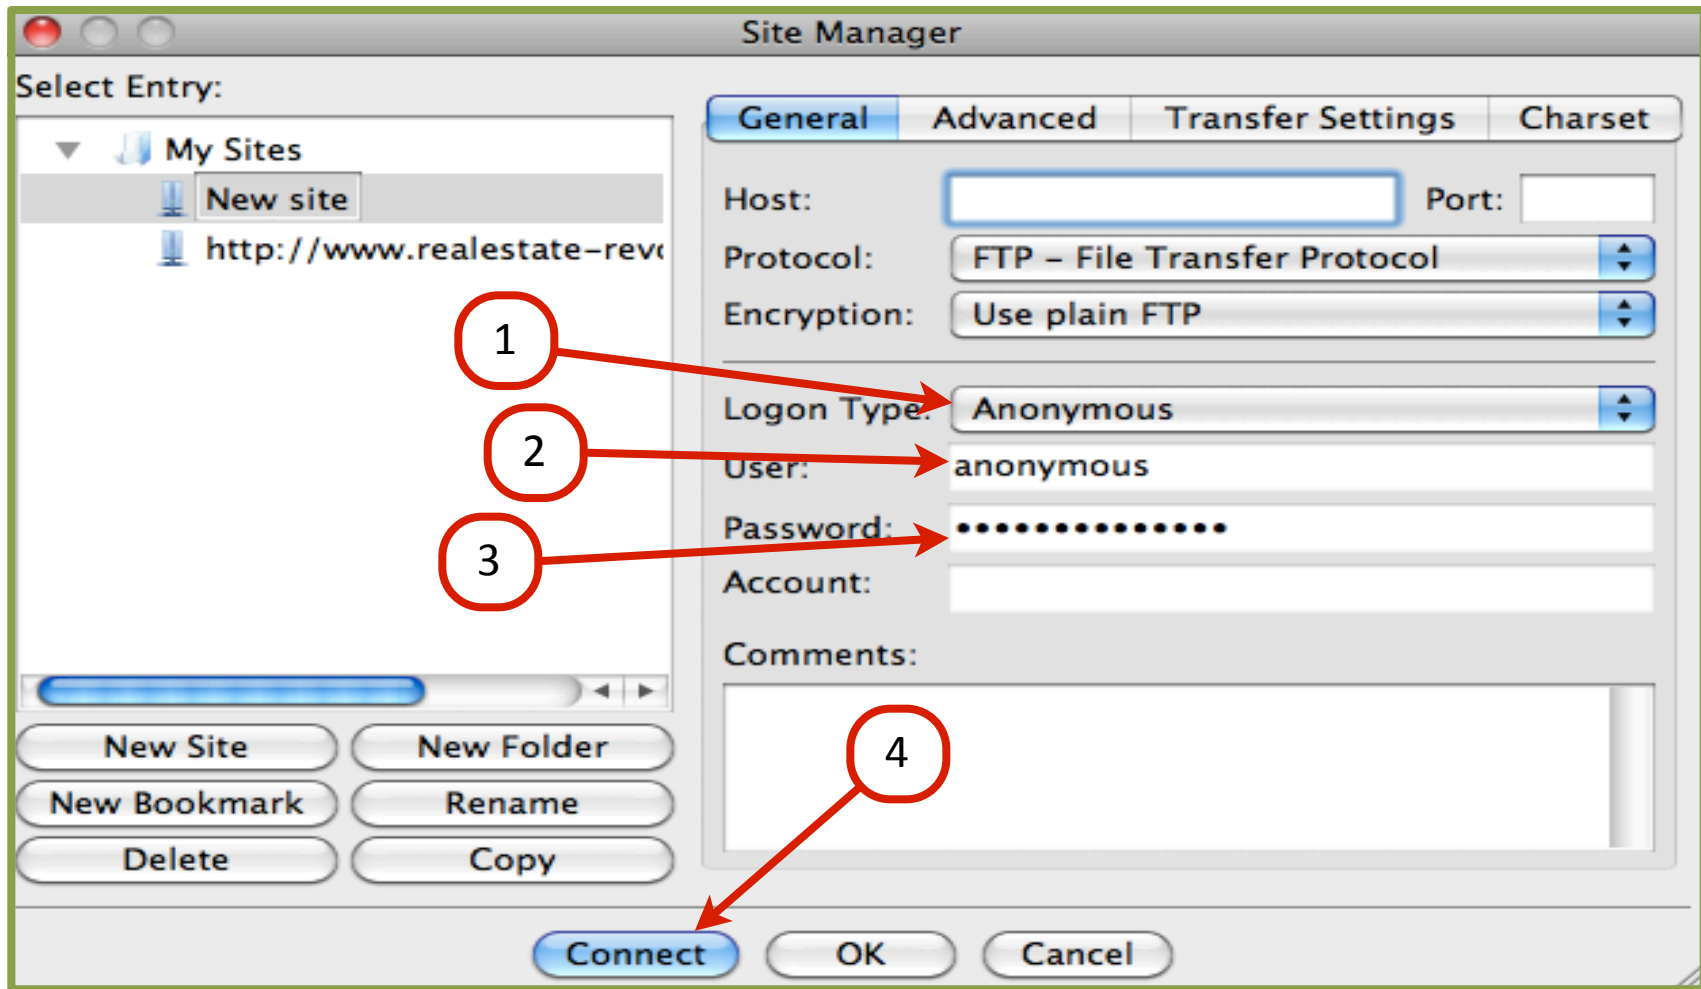

Rei Rockstars

Step
8

Under “Logon Type”, select “Normal” and then type in the username and password that you use for your hostgator cpanel and click “Connect”.

(If you have problems with this, call your host server for help).

Objective 4 Introduction To Google Webmasters

Rei Rockstars

Step
9

If this is a secondary website, do this:
Once connected, open the “public_html” folder on the right side of your ftp screen and double click on that file.

Objective 4 Introduction To Google Webmasters

Rei Rockstars

Step
10

Once the public_html file is opened, stay on the right hand side bottom screen and find the website that you are working on currently.
(Don't do anything yet, just find it so it's viewable)

Objective 4 Introduction To Google Webmasters

The screenshot shows the FileZilla FTP client interface. The top bar displays the connection details: Host, Username (danilynn@ftp.mortgageassign.com), Password, and Port. The Command window shows the following output:

```
Command: PASV
Response: 227 Entering Passive Mode (174,122,1,61,227,159)
Command: MLSD
Response: 150 Accepted data connection
Response: 226--Options: -a -l
Response: 226 90 matches total
Status: Directory listing successful
```

The interface is split into two main panes. The left pane shows the local site at /Users/Dani/Desktop/. The right pane shows the remote site at /public_html/. A red arrow points to the 'mortgageassign.com' directory in the remote site list.

Step 11

Now go back to the left hand side of the ftp screen and find the google verification file. (This file is probably in your download folder unless you moved it somewhere else after download.)

Step 12

Once you find the file on the left side, drag that file over to the right side into the domain folder that you are currently working on.

Step
13

If this is your primary website, do this:
Drag that google verification file over to the right side into the
“public_html” folder.

Objective 4 Introduction To Google Webmasters

The screenshot shows the FileZilla interface with the following details:

- Host:** Mortgage Assign - danilynn@ftp.mortgageassign.com - FileZilla
- Local site:** /Users/Dani/Desktop/
- Remote site:** /
- Local site files:**

Rei Rockstars

Step
14

Now that the file is transferred, go back to your Google Webmasters window in your web browser and click on the link in #3. If a new window opens with the verification link like below, you can click verify.

The screenshot shows the Google Webmaster Central interface for the domain `dani@fdr-associates.com`. The page title is "Verify ownership" and it provides instructions for proving ownership of `http://www.mortgageassign.com/`. There are two tabs: "Recommended method" (selected) and "Alternate methods". The "Recommended" section states: "Upload an HTML file to your server". Below this, a list of instructions is provided:

1. Download this HTML verification file. [google89b1075bcc26e822.html]
2. Upload the file to `http://www.mortgageassign.com/`
3. Confirm successful upload by visiting `http://www.mortgageassign.com/google89b1075bcc26e822.html` in your browser.
4. Click Verify below.

Below the instructions, there are two buttons: "Verify" and "Not now". A red circle with the number "2" points to the "Verify" button. A red circle with the number "1" points to the URL in step 3, which is also enclosed in a red rounded rectangle labeled "Verification Link". Below the screenshot, a red rounded rectangle contains the text: `google-site-verification: google89b1075bcc26e822.html`

Step
15

Once verified, you can click continue to get to the main dashboard of Google Webmasters.

Objective 4 Introduction To Google Webmasters

Verification successful

Congratulations, you have successfully verified your ownership of <http://www.mortgageassign.com/>.

Introduction to WP Super Cache

WP Super Cache

What Is It?

A plugin that helps speeds up your wordpress site.

Why Is It Important?

Users & Google Bots both get BORED if they have to wait too long for your website to load. The longer your site takes, the more you risk not being indexed by search engines and losing potential prospects to the “one click away from your competition” rule.

Step
1

Go to “Add New” under the “Plugins” tab and type in “wp super cache” in the search field and click “Search Plugins”.

Objective 5 How To Speed Up Your Wordpress Website

The screenshot shows the WordPress dashboard's 'Install Plugins' page. On the left is a sidebar menu with items: Dashboard, Posts, Media, Links, Pages, Comments, Appearance, Plugins (highlighted), and Installed Plugins. Under 'Plugins', 'Add New' is selected. The main content area is titled 'Install Plugins' and includes navigation links: Search, Upload, Featured, Popular, Newest, and Recently Updated. Below this is a search section with the text 'Search for plugins by keyword, author, or tag.' and a search form containing a dropdown menu labeled 'Term', a text input field with 'wp super cache', and a 'Search Plugins' button. Three red circles with numbers 1, 2, and 3 are placed on the page. Red arrows point from circle 1 to the 'Add New' link in the sidebar, from circle 2 to the search input field, and from circle 3 to the 'Search Plugins' button.

Rei Rockstars

Step
2

Find the plugin and click on “Install Now” and then click “Okay” on the next window when it asks if you are sure you want to install the plugin.

Unnecessary Pings ?

Rei Rockstars

Introduction to Ping Optimizer

Ping Optimizer

What Is It?

A plugin that helps control your website pinging so it doesn't ping every time you edit or save a post.

Why Is It Important?

It saves your website from being tagged as a ping spammer.

Step
1

Go to your wordpress dashboard and click on "Add New" under your "Plugins" tab. Then type in "maxblogpress ping optimizer" into the search field and click on "Search Plugins".

Addendum: New Plugin- Ping Optimizer

The screenshot shows the WordPress 'Install Plugins' interface. On the left is a sidebar menu with items: Dashboard, Posts, Media, Links, Pages, Comments, Appearance, Plugins, Installed Plugins, and Add New. The 'Plugins' menu item is highlighted with a red circle labeled '1', and a red arrow points from it to the 'Add New' link below. The main content area is titled 'Install Plugins' and includes a search bar with the text 'blogpress ping optimizer' and a 'Search Plugins' button. A red circle labeled '2' is around the search input field, and a red arrow points from it to the search bar. Another red circle labeled '3' is around the 'Search Plugins' button, and a red arrow points from it to the button. Below the search bar, there is a section for 'Popular tags' and a note: 'You may also browse based on the most popular tags in the Plugin Directory:'.

Rei Rockstars

Step
2

Find the “cbnet Ping Optimizer” and click “Install Now” and then click “Okay” on the next window that asks if you’re sure if you want to install this plugin.
